

## Submissions to *The Forensic of Pi Kappa Delta*

*The Forensic of Pi Kappa Delta* invites submissions from student authors for a special issue, *Scholarship From the Future*, dedicated to scholarship authored by students. The same general call for submissions that guides work considered by *The Forensic* is being used for this special issue; a wide range of submissions will be considered. Authors may be undergraduate or graduate students. Submissions should be work completed during the pursuit of a degree by students who have not yet held full-time teaching or coaching positions. Authors who are presently teaching or coaching but whose primary role is that of a student are encouraged to submit their work for consideration. While submissions may have received editorial suggestions from mentor faculty and coaches, all authors should be students.

Additionally, we are accepting scholarly papers, reviews, and teaching/coaching resources. All submitted works must be original, unpublished, and not under review by other publishers. Any research involving human subjects must have the approval of the author's institutional review board. Submissions should conform to APA guidelines (latest edition). E-mail submissions to the editor should be in Word format with no specialized internal formatting. Manuscripts should not exceed 25 double-spaced typed pages, exclusive of tables and references. The title page should include the title, author(s), correspondence address, e-mail address and telephone number of the author(s). The second page should include an abstract of between 75 and 100 words. The text of the manuscript (including its title) should begin on the next page, with no reference to the author, and with the remaining pages numbered consecutively. Avoid self-identification in the text of the manuscript. Notes and references should be typed and double-spaced on the pages following the text of the manuscript. Tables should be clearly marked regarding their placement in the manuscript.

Submissions will be reviewed upon receipt. Please contact Scott Jensen at [jensensc@webster.edu](mailto:jensensc@webster.edu) with any questions.
